Flannel Jam 2025

LawnCare by Walter welcomed the fall season with its annual Flannel Jam: Country & Rock Confidential concert on October 2, 2025. Joining us were confidential artists Firehouse and Chris Janson who played for a full house of fans who came out to the Hard Rock Live in Rockford. The proceeds went toward the Autism Program at Easterseals and to St. Jude Hospital. We are grateful to the Hard Rock for making such an important event a family friendly occasion by allowing children of all ages to attend.

As a reminder, LawnCare by Walter is offering an 8% discount if you prepay for a full lawn care program for 2026, which includes four consecutive treatments. The deadline is December 31, 2025. By now you should have received your prepay notice in the mail. Also, please note that our online bill pay option is closed for the year. Please contact our office directly to process any payments.

Remember, we build great lawns from the ground up!

Be Sure to Water Your Trees and Shrubs This Fall

If the summer of 2025 will be remembered for anything, it will be the long-lived summer as it went well beyond the calendar summer's end of September twenty-first. But, make no mistake, fall has definitely arrived and contrary to popular opinion, now is the time to start watering, not stop.

Above-ground growth slows down in October, but roots continue to grow, so it's important to keep watering in order for plants to develop the resilience needed to not only survive winter, but to thrive come spring. Pay special attention to newly planted trees and shrubs. Evergreens are particularly susceptible to having their needles turn brown and become damaged because they don't lose their foliage in the winter. And, keep your lawn evenly watered throughout the first few frosts for a beautiful landscape in spring. You can use your hand or soil probe to check your soil's moisture level.

Flannel Jam: Country & Rock Confidential Concert, October 2, 2025.

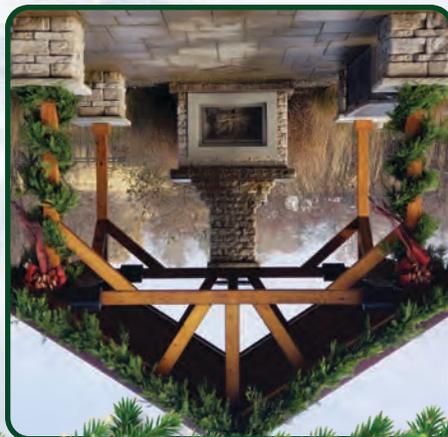

Prepay Discount 8%

LawnCare by Walter is offering an 8% discount for those who prepay for qualified lawn fertilization services that entail at least four consecutive treatments.
